The Attitude Check – Lessons in Leadership

Your attitude is the most important tool in your toolbox. You already have it. Used well it can gain you everything and used poorly it can cost you everything. How you use it is entirely up to you.

Increase Productivity

Decrease Staff Turnover

Clarify Expectations

Secure Team Buy In

Unlock Team Potential

Develop Leaders

From Project Manager to Project Leader

We manage tasks and activities, those activities must be performed by people, who must be led.

Increase Productivity

Decrease Staff Turnover

Clarify Expectations

Secure Team Buy In

Make Metrics That Matter

Streamline Your Team

Managing Client Expectations Without Losing Your Shirt or the Next Job

Our clients are wanting to receive more value for lower costs, and a lot of projects are being bid with little margin or contingency, let alone profit. This is compounded when clients requests changes after the work is awarded.

Limit Scope Creep

Command More Influence

Get Paid For More Changes

Mitigate Claims

Reduce Client Interference

Book More Work

The Project Scheduling Toolbox

Just like a toolbox on the jobsite, there is no one tool that does it all.

Tool Selection Criteria

Schedule Has More Accountability

Better Forward Planning

Complete Work On Time

Integrate Easier

Stop Chasing Fads

Five Ways For Your Team Members To Add Value

Every member of the team can add value in many ways.

Define Value

Increase Influence

Market Authenticity

Increase Revenue
